Occupational Exposure Limits: None established

Appropriate engineering controls**Engineering controls:**

Provide good general ventilation.

If work practices generate dust, fumes, gas, vapors or mists which expose workers to chemicals above the occupational exposure limits, local exhaust ventilation or other engineering controls should be considered.

Individual protection measures, such as personal protective equipment**Eye/face protection:**

Wear splash goggles.

Skin and body protection:

Wear rubber or other chemical-resistant gloves.

Respiratory protection:

Not required with expected use.

If occupational exposure limits are exceeded or respiratory irritation occurs, use of a NIOSH/MSHA approved respirator suitable for the use-conditions and chemicals in Section 3 should be considered.

General hygiene considerations:

Wash hands and any exposed skin thoroughly after handling.
